CorrTrim®

Corrugator Scheduling

eProductivity Software

WITH MORE THAN THIRTY YEARS OF INDUSTRY EXPERIENCE BUILT IN, CORRTRIM® IS THE MOST FLEXIBLE AND COMPLETE CORRUGATOR SCHEDULING SOFTWARE AVAILABLE.

CorrTrim is available as an integrated component of the eProductivity Software suite of manufacturing solutions or as a standalone module. CorrTrim helps production operations increase corrugator productivity and reduce waste with the flexibility to respond quickly and easily to customer order changes.

CorrTrim gives you enhanced cost and order control and ensures that schedulers can produce more efficient and flexible schedules in less time. The corrugator scheduling module allows planners to trim all flutes and grades in an order pool at the same time and supports multiple corrugators.
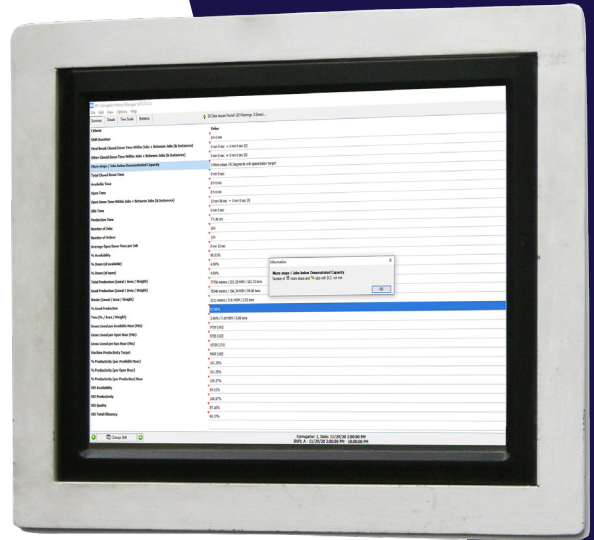

Business benefits

- Decreases side-trim and paper waste

- Reduces costs from process waste and excess paper inventory

- Increases corrugator productivity and efficiency

- Improves planning and scheduling

- Improves customer service with real-time order information

- Increases wet end lineal run length

Features and functions

Using CorrTrim, schedulers can accurately carry out "what if?" and "direct cost comparisons" between schedules on different corrugators in real-time, without affecting the master schedule.

With CorrTrim you can

- **Schedule just-in-time (JIT) for greater production flexibility**
- **Automatically flex cost and control parameters to find the best schedule for a given order pool**
- **See the cost of your decisions, before you make them**
- **Reduce downtime and minimize paper changes**
- **Reduce waste by decreasing side-trim**
- **Monitor roll usage, cost results, and other key indicators of business performance**
- **View global trim results for easier decision making**

Cost based scenario planning

CorrTrim allows you to choose a scheduling solution based upon your choice of cost factors, including:

- **Operating costs**
- **Waste**
- **Side-trim**
- **Cost of board upgrades and downgrades**
- **Board grade costs**
- **Slitter-scorer changes**
